SEXMINING WHITEPAPER

WHAT IS SEXMINING ?

- ◉ SexMining is a blockchain project for freedom of sex
- ◉ SexMining is a project involving any sexual relationship based on a voluntary mining agreement
- ◉ SexMining is pleasant with useful - all sexmining participants at the end receive an equal amount of SEX tokens

SEXMINING IS BITCOIN IN THE WORLD OF SEX

- ◉ We intend to make the same revolution in the field of sex as Bitcoin in the field of finance. Now, in addition to pleasure, sex will also provide an opportunity to get SEX tokens!
- ◉ The SexMining project is based on a cryptocurrency mining model based on the principle of proof-of-service: certain actions lead to the receipt of a certain number of tokens. In the SexMining project, sex is sex, as a prerequisite for the extraction of SEX tokens, according to a public offer contract.

HOW IT WORKS?

- ◉ Interested parties agree on joint mining of SEX tokens
- ◉ The mining leader stocks up “ore” for mining (MNG tokens)
- ◉ The participants meet and start joint mining
Upon completion, all mining participants receive equal shares of mined SEX tokens

THE FIGHT AGAINST ILLEGAL PROSTITUTION AND CRIME

- ◉ A project to combat illegal prostitution, a crime that intensifies violence against women and the sex industry.
- ◉ Our mission is to ensure personal freedom in sex

MORAL AND ETHICS OF SEXMINING PROJECT

- ◉ The SexMining project promotes the value of long lasting monogamous relationships.
- ◉ We consider the family an ideal relationship format for a happy sex life. Love and fidelity are true values in pair!
- ◉ But not everyone has the happiness of a permanent relationship, for various reasons. It is for them that the SexMining project has been implemented.

PEOPLE WITH SPECIAL NEEDS FOR SEX

People from different population groups may be interested in the SexMining service:

- ⦿ People do not want to prepare for a new relationship.
- ⦿ Preferring polygamy Lonely people
- ⦿ People have difficulty building a permanent relationship.
- ⦿ People experiencing painful divorces and not wanting to start a new relationship

LEGAL SIDE OF SEX MINING

- ◉ From a legal point of view, there is no transfer of money, as well as payment for the provision of services of an intimate nature. Instead, partners receive an equal share of SEX tokens, resulting from joint mining. This is the key moment that makes sexual relations an element of Proof-of-Sex, a necessary part of the process of creating SEX tokens according to the public contract for the use of the SexMining smart contract.

PLEASANT WITH USEFUL - SEXMINING MOTTO

- ◉ People have sex. It's enough for someone to enjoy it, and someone would like it to be useful.

Attention!

1. Always protect yourself during sex!
2. Do not engage in sexual relations with a partner in whom you are not sure.
3. Any form of sexual relations with minors is prohibited.
4. Any sexual abuse and coercion of a partner to sex is prohibited.
5. Enjoy new acquaintances and joint SexMining.

TOTAL 100,000,000 SEX TOKENS ISSUED

- ◉ 10% of them will be directed to marketing tasks, the rest will be available for mining.
- ◉ Attention! You can get SEX tokens only through mining or buy from those who have already mined them.
- ◉ We do not sell SEX tokens.

UNLEASHING YOUR SEXUAL POTENTIAL

- ◉ We have developed a series of applications for the individual disclosure of sexual potential, self-development and the formation of a culture of intimate relationships.
- ◉ Evora O
- ◉ Evora V
- ◉ Evora C
- ◉ Evora I
- ◉ Evora B

CROWDFUNDING, FUNDRAISING FOR THE IMPLEMENTATION OF APPS

We need your support to complete the development of a series of training applications.

- ◉ Evora O - a game simulator for learning the art of blowjob in 69 poses
- ◉ Evora V - game simulator for learning the art of cunnilingus in 69 poses
- ◉ Evora C - simulator game for teaching art of the Kama Sutra
- ◉ Evora I - game simulator for optimal behavior during the first sex
- ◉ Evora B - a game simulator training for childbirth and proper behavior during pregnancy

IT company, registered in the Czech Republic in 2009 We are engaged in the development of various software products.

Company website www.worldwidesof.mobi

PUBLIC OFFER OF THE OFFER OF THE SEXMINING PROJECT

The use of SEX (SEX) and MINING (MNG) tokens implies the unambiguous acceptance of this public offer contract. The SEX token can be used for trading, settlement, exchange, storage, transfer to other persons, etc.

The MNG token does not have signs of a means of payment, it does not have any declared value, it is blocked for trading, conducting settlements, exchanging for other currencies, alienation, transferring to another person. Mining the MNG token can only be used for mining SEX tokens, by burning it during sex (Proof-of-Sex mining mechanism).

Using the SexMining service should not contradict the local legislation to which the user falls, as well as comply with international law.
